

# March 13, 2020 Summit Agenda

- 8:00 - 8:30** **Welcome and Opening Remarks - Breakfast is Served** | Columbia River Ballroom  
**Aaron Fox** - OMEP
- 8:30 - 9:15** **Keynote: Crafting Business On Your own Terms** | Columbia River Ballroom  
**Jaime Schmidt** - Founder of Schmidt's Naturals, Author, Co-Owner of Supermaker, Color, & Portland Made  
Jaime will share her entrepreneurial journey from kitchen to international business success.
- 9:15 - 10:05** **Networking, Raffle, and Book Signing** | **Columbia River Ballroom Lobby**  
Visit manufacturing partner tables to enter our raffle, and get your book cover signed by Jaime.
- 10:10 - 1:40** **READY OR NOT: Collaborative Business Simulation Game** | Columbia River Ballroom  
**Eric Hedaa** - Industrial Game and Design, **John Hunt** - OMEP  
You'll be assigned a team and compete against other attendee teams to grow your business' revenue. Collaborate to understand threats and make strategic decisions on how to invest limited resources. A working lunch will be served during this time.
- 2:00 - 2:10** **State of Oregon Manufacturing** | Columbia River Ballroom  
**Mike Vanier** - OMEP  
Participate in our interactive quiz to better understand the state of Oregon's manufacturing industry.
- 2:10 - 2:25** **Tiger Manufacturing - Newberg High School** | Columbia River Ballroom  
Tiger Manufacturing is a student-run machine shop, fully functioning at Newberg High School. Hear from students about how they create real parts, for real customers, for real paychecks.
- 2:35 - 3:15** **Breakout Sessions: Lessons Learned from Oregon Manufacturers**  
Continuous Improvement: Building Smart Systems that Drive Value | Metolious River Room  
**Kevin Lee** - Rosboro  
Lessons Learned Moving Manufacturing Operations to a New Facility | Crooked River Ballroom  
**Jon Blumenauer** - The Joinery  
The Euphoria Chocolate Journey | Columbia River Ballroom  
**Bonnie Glass** - Euphoria Chocolate
- 3:15 - 4:15** **Powering the Future: Manufacturing Technology Success** | Columbia River Ballroom  
From Science Fiction to Science - Introduction to Technology
